

Doctor Blade Holders

Quality and Technology

RUNNABILITY by TECHNOLOGY – QUALITY – DURABILITY – EASY MAIN TENANCE

Crepe Maker – Pneumatic Doctor Holder

BETACREPE is a flexible pneumatic accioned crepe maker – Ensures a linear continuous and controlled pressure of the blade over the cylinder surface, automatically adapting to the shape of the cylinder surface. System allows working with a minimum pressure to obtain the best creping.

This characteristic allows, in a short and medium term, the following advantages:

1. The increase in the useful life of the blade, resulting in a more regular crepe
2. It allows the use of 3 up to 5 inch blades, with different
3. Easy and quick blade changing procedure.
4. The increase in the life of cylinder surface, meaning a reduction of rectification stops

BETACREPE

Flexible Crepe Maker

Advanced Solutions for each special Customer's requirement.
